Vernon, is visiting home folks. — We have lately learned that Q. H. Rice will purchase the property belonging to Mrs. George Pope on Main street. — I. W. Catlin, A. Pennington and George Martin were called before the Grand Jury, Monday, on an important case. — Sam Stalls, worth, who is working at Paris, has with home folks Sunday. — Pierce Cottongim, of Lebanon, Ky., was with his brother, W. H. Cottongim, Sunday. — John Pope has a position with the Portland Cement Co at Pine Hill. — Little Henry Riggs is gradually growing weaker. — Ike Bowman, one of the jolliest men in Jackson county was here few days ago. — Mr. and Mrs. R. J. Lemonds have returned from Paris, Tenn., and report his mother much improved. — J. P. E. Drummonds is in Knoxville on the account of the illness of his mother. — R. G. Moore is a member of the Board of Equalization from this part. — Miss Annie M. and Rice Walton have returned to Barbourville to finish school. — J. M. Foure took a wagon and team to Mt. Vernon the first day of court. Mat said he intended to sell, buy or swap. — The following gentlemen from this place attended court at Mt. Vernon, Monday: A. C. Carpenter, I. W. Catlin, C. J. Rice and G. W. Martin. — J. H. Owens is slowly improving. — F. L. Thompson, the Mt. Vernon traveling man and one of the best salesmen on the road, was in our town Monday. — It rained all day Monday and Monday night. — The tide in the river is bringing the Livingston Lumber Co. lots of logs. — Mr. and Mrs. Robt. Rice, of Frankfort, are visiting Mrs. Rice's parents, Mr. and Mrs. H. Witt. — Mr. James Robinson has purchased a

very low, is slowly improving. — O. D. Bryant, after an absence of several months, has returned to his old job, freight agent at this place. — During the high water, Judge Witt had a very exciting experience and it happened this way: He is foreman for the Livingston Lumber Co and attends to the booms on the river, and while on the boom Tuesday catching logs he fell into the river and swam to a tree and took his seat in the tree until help could be mustered to get him to shore. We guess the judge did not feel like he was sitting in his court trying some fellow for selling devil's dish water. We imagine this was the language that ran through his mind: 'I am monarch of all I survey; my rights there are none to dispute.'

### IMPORTANT NOTICE TO THE DEMOCRATS OF ROCKCASTLE

The Democrats of each of the voting precincts are requested to meet on Saturday, Jan. 18th, at some place in the precinct and elect a precinct committeeman, whose duty it will be to meet with the other committeemen of the county at the court house in Mt. Vernon, on Monday, Jan. 20th, for the purpose of electing a county chairman and secretary, and the organization of the county committee. In event the committeeman is not present at the precinct meeting on the 18th, those democrats present will proceed by first electing a temporary chairman and secretary and then proceed to the election of a chairman, and the chairman and secretary will then and there certify the election of such committeeman to the county chairman. Democrats, it is important that this matter be attended to in every precinct and I trust will nowhere be overlooked.

Yours very truly,  
C. C. Fish,  
County Chairman.

Wallin was here from Danville Saturday. — W. A. Threese, of Birmingham, Alabama, was here Sunday on account of the serious illness of his sister, Mrs. Bert Owens, of near this place. — Miss Tempest Ward has returned home after spending the past two weeks in London. — Mr. and Mrs. Robert Kelly and Miss Klizzie Thompson were over from Danville and spent a few days with relatives last week. — Miss Elizabeth Gentry spent a few days with her cousin, Miss Sue Cable. — Byron Owens left Monday for Georgetown where he will enter school. — Edd Owens and Arthur Anderson were over from Paris Saturday and Sunday.

Tilford Storms was down from Keavy Saturday and Sunday. — Miss Malinda Burton of the Hiatt section is attending school here. — Rev. W. E. Arnold, of

Danville, preached two interesting sermons at the Methodist church Friday and Saturday nights. Rev. E. M. Armitage filled his regular appointment at the same church Sunday and Sunday night. — Mr. and Mrs. John Robins and little daughter, Mildred, spent a few days in Mt. Vernon, the guests of Mr. and Mrs. F. L. Durham. — Mr. and Mrs. Bert Owens are very low with pneumonia at their residence near Mareburg. — Mr. and Mrs. Bob Roberts and Mr. and Mrs. Harve Owens, of Maywood, are visiting relatives here this week. — Mr. and Mrs. Bert Henson, of Danville, are spending a few days with the latter's parents near here. — Aunt Katie Owens who has been sick for the past three weeks is improving slightly.

Proctor, of Ottawa, are in school here. — Miss Sue Cable has been very sick this week. — Mr. Mink of Danville and Mr. Bromley, of Stanford were here Wednesday adjusting a claim of insurance for W. C. Hopkins of the Copper Creek section who recently lost a very valuable tobacco barn, by fire. — Prospecting for gold on upper Negro Creek seems to be the order of the day in that section there have been several men employed sent here by western prospector, and quite a lot of the stone has been sent away for inspection. Judging from the distance the men have come, being from the state of Utah and several in number means some little expense to someone, not being able to obtain any intelligence in regard to their findings in this locality we do not know how early to predict a great rush from the four corners of the earth to Rockcastle County's Gold fields, but we hope there will be no distant day when each rise of the sun will show the glitter of greater quantities of the precious metal.

### A GIRLS WILD MIDNIGHT RIDE.

The warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Her deed was glorious, but lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds, which might have ended in consumption or pneumonia. "It cured me of a dreadful cough and lung disease" writes W. R. Patterson, Wellington, Tex., "after four in our family had died with consumption and I gained 87 pounds." Nothing so sure and safe for all throat and lung troubles. Price 50 and \$1.00. Trial bottle free. Guaranteed by Chas. C. Davis.

Ol' Cull rode 14 miles one Sunday to come to town to sea "the preachers change pulpits". He was disappointed. Said they changed preachers instead of pulpits.

It will require probably 200 cars of stone to make repairs on the damaged fill near Pine Hill.

THE open season for hunting quail in Kentucky has expired. With the great majority of the hunters it was not a profitable season.

Few localities in the State have reported an abundance of quail. Thousands of hunting licenses were issued, but in rare cases was game found in appreciable quantities. Many of the birds perished during the severe weather last winter and the heavy rains last spring. There was much snow and ice on the ground in the winter and the birds were unable to procure food in sufficient quantities to enable them to withstand the cold, except in instances where they were fed by farmers. As comparatively few farmers take the trouble to give the quail any assistance of this kind the mortality among the birds was heavy.

We are pleased to note that two thirds of the Kentucky newspapers are outspoken in their advocacy for the election of Ex-Gov. Beckham for U. S. Senator. This is as it should be. Governor McCreary has had honors enough to satisfy any man and besides he said if the people elected him governor when he made his last race he would not offer to run for any other office.

## CIRCUIT COURT.

Circuit Court which convened Monday has been the lightest held in this county in many years. The docket was light and many cases set for trial, the litigants were unable to reach town on account of high water. Court will adjourn to day as Judge Bethune is anxious to get to the city where he expects to undergo an operation next week, for a trouble which has been bothering him for years.

Commonwealth's Attorney M. L. Jarvis left for his home yesterday. The following is a list of the jurors:

GRAND JURY

Frank Pennington, W. E. Graves, J. L. Thompson, W. S. Renner, George Bowman, A. H. Hamlin, T. K. Francisco, W. C. Hopkins, H. J. Mullins, J. J. Brown, J. W. Marler, C. H. York.

PETIT JURY.

No. 1

Wils Baker, Alford Bryant, Jim Griffin, Mat Pike, Bob Adams, Frank Baker, John Overbey, Tom Evans, A. Renner, J. J. Martin, H. McFerron, John Abrams.

No. 2

Tom French, Tom Mink, Gus Staverson, Raymond Dowell, Lige Cox, John Hilton, C. B. Bethune, Geo. Mullins, Coleman Burdette, Sam Fields, Anne Robinson, Chas. Daily.

The following Commonwealth cases have been tried:

J. E. Blackburn, breach of the peace acquitted; James Winstead same, fined \$5 and cost; Bob Lee selling liquor \$100; Roy Britton breach of the peace \$35; Jack Clark breaking into railroad car, found guilty and the Judge will sentence him to the pen to day for the length of time he deems the offence justifies.

Most of the week has been devoted to civil cases and a number of cases have been disposed of.

One remarkable and pleasant fact about the present docket is that there is not a murder case on it, something that has not existed for many years.

## ADDITIONAL LOCALS.

George Owens, the monument man, is placing a granite monument in the Elmwood cemetery lot of the late J. T. Adams.

The board of Supervisors composed of J. W. Baker, G. V. Owen, W. A. McKinney, R. Z. Moore and W. A. Carson, met this week and went over the Assessor's list, making as we understand quite a number of raises.

The writer is in receipt of a letter from Charles B. Maret, of Kansas City, Mo., a son of James W. Maret, who left Rockcastle for Kansas in 1869. The latter was a son of Will S. Maret a brother of the late Alvah Maret. The letter made inquiries about Rockcastle relatives none of whom the writer had ever seen and heard of except indirectly.

Hon. Fontaine Fox Bobbitt, escaping the vigilance of his friends and the Augus-eyed physicians, came reeling from sheer weakness into court at Mt. Vernon, Tuesday, and the next morning we noticed many divorce tophies hanging to his belt. What a lawyer! What energy! Many another lawyer would in the last two weeks been sleeping in Crab Orchard cemetery!

In the article on Rockcastle churches last week, the writer inadvertently moved the Mt. Pleasant church across the Pulaski line into Rockcastle—at least from the article it appeared that way and owing to the strenuous objections of our good friend J. W. Brown to changing the location of this noted old landmark, we after holding it in Rockcastle seven days, gladly move it back this morning to its original site in Pulaski, something like two miles south-west of Level Green, without jarring any of the plastering loose, breaking a pane of glass or causing the least vibration in or about the building. The mistake was made in moving the church instead of the county line which would have been much easier had the writer taken second thought before putting the roller under the structure. Well anyhow we said, in the article, that the church was located two miles West of Level Green; so there!

Ed.—Ol' Cull is very absent minded. Mhe other evening he sat up till midnight trying to remember what it was he wanted to do.

## THE SCOURGE OF HOG CHOLERA

Cost the hog raiser millions of dollars last year and nothing short of vaccination seemed to offer the slightest promise of cure.

Prevention, however, is the logical solution of the question. Dr. Hess (M.D., D.V.S.) has always maintained that by giving Dr. Hess Stock Tonic to tone up and strengthen every organ in the system, to regulate the bowels, liver and kidneys, expel worms; and also thoroughly disinfect the premises, sleeping quarter and runs with Dr. Hess Dip and Disinfectant, would prevent an outbreak of this disease.

Read what one of the big hog raisers in the country says:

"During 1911 our country was visited by one of the worst hog plagues ever known. We fed Dr. Hess Stock Tonic, and only lost two head out of a herd of two hundred and ten."—Alex. Nevius, Modesta, Ill.

Also note what bulletin No. 182 of the Kansas State College says about preventing Hog Cholera

"When we recall the conditions which favor the disease and the manner in which its infection takes place, it will be seen that feeding and caring of hog has much to do with the prevention of the Cholera. Premises should be cleaned and disinfected regularly. The hogs themselves should be dipped every few weeks. Maintaining these conditions helps to keep up the vitality of the hog and in this way troubles of all kinds are ward off. To aid digestion and circulation and to prevent worms, the bulletin recommends a formula of Wood Charcoal, Sulphur, Salt, Sodium Bicarbonate, Sodium Sulphate, Sodium Hypsulphate and Black Antim

This formula, given in tablespoonful doses would undoubtedly be beneficial but would cost the hog raiser about 10c per pound. Now compare this with the formula for Dr. Hess Stock Tonic which is vastly superior and has stood the test of 20 years.

NUX VOMICA. Digestive and Nerve Tonic.  
SULPHATE OF IRON, Blood Builder & Expels Worms.  
COMMON SALT. Appetizer. Expels Worms.  
NITRATE OF POTASH. Acts upon the Kidneys.  
FENUGREEK. Tonic and Aromatic.

QUASSIA. Digestive & General Tonic. Expels Worms.  
SULPHATE OF SODA. Laxative & acts upon the Liver.  
EPSOM SALT. Laxative.  
CHARCOAL. Prevents Noxious Gases.

This preparation is compounded by Dr. Hess (M.D., D.V.S.) and sold to you on a written guarantee and only costs 3c per month for the average hog. The definition of the ingredients are taken from the United States Dispensatory and noted medical authorities.

Feed your hogs

Dr. Hess Stock Tonic  
to prevent disease and expel worms. Sprinkle the runs and sleeping quarters with a solution of

Dr. Hess Dip and Disinfectant

one of the foremost coal tar, creosote disinfectants known. Also dip your hogs with this solution when the weather will permit, and you will have no loss from disease.

## THE SCOURGE OF HOG CHOLERA

Cost the hog raiser millions of dollars last year and nothing short of vaccination seemed to offer the slightest promise of cure.

Prevention, however, is the logical solution of the question. Dr. Hess (M.D., D.V.S.) has always maintained that by giving Dr. Hess Stock Tonic to tone up and strengthen every organ in the system, to regulate the bowels, liver and kidneys, expel worms; and also thoroughly disinfect the premises, sleeping quarter and runs with Dr. Hess Dip and Disinfectant, would prevent an outbreak of this disease.

Read what one of the big hog raisers in the country says:

"During 1911 our country was visited by one of the worst hog plagues ever known. We fed Dr. Hess Stock Tonic, and only lost two head out of a herd of two hundred and ten."—Alex. Nevius, Modesta, Ill.

Also note what bulletin No. 182 of the Kansas State College says about preventing Hog Cholera

"When we recall the conditions which favor the disease and the manner in which its infection takes place, it will be seen that feeding and caring of hog has much to do with the prevention of the Cholera. Premises should be cleaned and disinfected regularly. The hogs themselves should be dipped every few weeks. Maintaining these conditions helps to keep up the vitality of the hog and in this way troubles of all kinds are ward off. To aid digestion and circulation and to prevent worms, the bulletin recommends a formula of Wood Charcoal, Sulphur, Salt, Sodium Bicarbonate, Sodium Sulphate, Sodium Hypsulphate and Black Antim

This formula, given in tablespoonful doses would undoubtedly be beneficial but would cost the hog raiser about 10c per pound. Now compare this with the formula for Dr. Hess Stock Tonic which is vastly superior and has stood the test of 20 years.

NUX VOMICA. Digestive and Nerve Tonic.  
SULPHATE OF IRON, Blood Builder & Expels Worms.  
COMMON SALT. Appetizer. Expels Worms.  
NITRATE OF POTASH. Acts upon the Kidneys.  
FENUGREEK. Tonic and Aromatic.

QUASSIA. Digestive & General Tonic. Expels Worms.  
SULPHATE OF SODA. Laxative & acts upon the Liver.  
EPSOM SALT. Laxative.  
CHARCOAL. Prevents Noxious Gases.

This preparation is compounded by Dr. Hess (M.D., D.V.S.) and sold to you on a written guarantee and only costs 3c per month for the average hog. The definition of the ingredients are taken from the United States Dispensatory and noted medical authorities.

Feed your hogs

Dr. Hess Stock Tonic  
to prevent disease and expel worms. Sprinkle the runs and sleeping quarters with a solution of

Dr. Hess Dip and Disinfectant

one of the foremost coal tar, creosote disinfectants known. Also dip your hogs with this solution when the weather will permit, and you will have no loss from disease.

Fish's are showing some mighty fine suits for men at \$18.

Welsh-Morrow School opened Monday with a large attendance.

Mrs. Rosa Beazley the well known music instructor has a good number of pupils under her charge.

Seventeen of our leading business and professional men responded to the short notice call for a meeting for the purpose of organizing and having our people to "get together" to work for a greater Mt. Vernon and to push the interests of our county.

The county bridge over Roundstone at Brush Creek was entirely submerged by the flood and for a day it was thought the structure had washed away but when the waters receded the bridge was found in tact, much to the gratification of all who make use of it.

On Wednesday January 15th, at 7 p. m. the first regular meeting of the Mt. Vernon Commercial Club will be held in Peoples Bank building when a constitution and by laws will be adopted and the organization completed for work. It is expected that those of the town who were not present at the first meeting will be on hands and join forces in the proposed good work.

It seems that Level Green was inappropriately named when it said that boys living in that village have to climb to a mountain top a mile away to find sufficient level space to play a game of marbles upon. John Watson Brown's shoe bills, when a boy, were something fierce. It will be remembered he is a native of that marble-yardless hamlet.

Trying to do business without advertising is like the carpenter who tries to build a house without any tools.

Many witnesses and others attending our court were unable to return home for two and three days on account of the high waters.

A three trick office has been opened at Pine Hill for use until repairs are made on the rain damaged fill just South of Pine Hill section house. Operators Lloyd Maret and W. M. Payne are on the job of hallowing end brass pounding.

The telephone line from this place to Conway and Brush Creek was put out of business Tuesday by the unprecedented high waters when poles were washed cut between Langford and Brush Creek. Repairs cannot be made until the waters subside.

All telephone lines crossing Rockcastle river at Livingston, except B. I. lines, were washed away by the flood and it will likely be some days before communication will be restored over the independent lines.

A telephone line will soon be built to connect Cooksburg and Mullins Station, a distance of six miles. The line will be built by citizens. Arrangements are on foot for making switching connection at Mullins Station and traffic arrangements with the county lines.

J. E. Woodall the traveling man of London, and F. E. Mullins have bought the stock of goods of Bartlett Griffin & Co., at Mullins station and are running the business under the name of Woodall & Mullins. Mr. Mullins has charge of the store assisted by Emmett Anderson. Mr. Woodall will continue on the road.

In our last week issue we failed to mention the six o'clock dinner given by Miss Rose McCord at Langdon Dormitory on the 27th ult., in honor of Miss Mattie Huff, who spent the holidays at the Dormitory. Those present were: Misses Blanche Crawford, Marguerite Lovell, Elizabeth Adams, Sadie Richards, Rebecca Watson, Rose McCord; Messrs. J. T. Bowling of Harlan, Joe Omara of Nashville, John Jones and Will Fish Geo. S. Watson, Ben Fishback and Jamie Thompson.

The Graded school re opened Monday with a full attendance.

Mt. Vernon expects through the influence of its Commercial Club, brighter days.

It looks very much like there will be a full Progressive Ticket in the field for Rockcastle offices this year.

Just take a glance at this week's issue of the SIGNAL and decide for yourself whether Mt. Vernon has some live wires or not. The advertisements tell the story.

W. M. Poynter earnestly requests all those who are indebted to him to come at once and settle their accounts as he wants to balance his books before the close of 1912.

C. H. Mullins, N. G.; S. T. Proctor, V. G.; W. T. Davis, Sec'y and W. L. Richards, Treas., were installed officers of Mt. Vernon Lodge 319 I. O. O. F., last Saturday night, which was followed by a big supper. The lodge is in a flourishing condition.

The heaviest rains known to even our oldest citizens fell Monday night, Tuesday, Tuesday night and Wednesday, and a great damage has been done to property along the different streams throughout the county. E. Bullock reports several houses, much fencing and other property washed away on Skaggs Creek. Along Round Stone much damage was done and at Livingston the loss will run into thousands by reasons of the high water of Rockcastle river. The rise in the river was estimated to be about 35 feet.

Level Green post office was established about the year 1867, and the site of the office was on the hill just west of Skaggs Creek on Somerset and Mt. Vernon road, about two and half miles from the present location of that office. Milford Deuny was its first post master. The star route from Mt. Vernon to Somerset was opened at the same time through the efforts of David O. Gibson who was first post master at Plato, Pulaski county. He named both post offices. Some ten years afterward Gibson named his store from Plato to Level Green and was named post master at that point. Along in the 80's Gibson and a son became involved with the government and sent to prison on charge of pension frauds.

The Baker Lake out Richmond street, the wet weather pond, was higher on Wednesday morning than has been known in the history of our town. It was something like three inches upon the floor of the house of John Baker, Jr., whose residence is situated near the Gentry Spring just North of Lovell Lane.

Mt. Vernon Commercial Club. Waters backed up into the K. P. power house at Pine Hill Tuesday doing much damage.

George Fredericks says as near as he can figure it out, the larger portion of Mt. Vernon is located "in a valley on top of a hill" It sho do look that way.

Rentro's, Round Stone and all other county streams were on a wild rampage Tuesday, being higher than was ever known. Much loss was sustained in way of fencing, logs, lumber and out-buildings throughout the county.

A better town and improved roadways for our county.

Langdon Memorial School reopened Tuesday with good attendance. Some of the scholars were unable to get here on account of the high waters.

George Owens and his son, Fred have opened a moving picture show in the Fish and Richards building. They propose to put on good shows and there is nothing better to have in a town than a good moving picture show. We hope the people will give to this enterprise the patronage it deserves.

If you want better quality and better service trade at Fish's.

## NATURE'S ESSENCE...Extracted From Forest Plants.

Nature's laws are perfect, but disease follows if these laws are not obeyed. Go straight to nature for the cure, to the forest; there are mysteries here that we can fathom for you. Take the bark of the wild-cherry tree, the root of mandrake, stone, Oregon grape root, queen's root, bloodroot and golden seal, make a scientific, non-alcoholic extract of them with just the right proportions and you have

### Dr. Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this pure glyceric extract and alternative of the greatest efficiency and without the use of a particle of alcohol.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of Public Approval and has sold more largely in the past forty years than any other blood purifier and stomach tonic.

"Some time ago I got out of health—my stomach seemed to be the worst of the trouble," writes Mr. J. E. Williams, of Belleville, Kan. "I commenced to doctor with all the doctors at home as well as with the best specialists on stomach and digestive organs. None seemed to do any good—in fact, most of the medicines did me harm. Finally, I wrote to Dr. Pierce, Buffalo, N. Y., who replied, stating that I had liver complaint with indigestion and constipation, and advised Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets'."

"The 'Discovery' and 'Pellets' have 'put me on my feet again'—I am now as well as I could, I could not have recovered without them."

Dr. Pierce's Pleasant Pellets are for liver ills.

**Young Women**

Read what Cardui did for Miss Myria Engler, of Faribault, Minn. She says: "Let me tell you how much good Cardui has done me. As a young girl, I always had to suffer so much with all kind of pain. Sometimes, I was so weak that I could hardly stand on my feet. I got a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

**TAKE The CARDUI Woman's Tonic**

Are you a woman? Then you are subject to a large number of troubles and irregularities, peculiar to women, which, in time, often lead to more serious trouble. A tonic is needed to help you over the hard places, to relieve weakness, headache, and other unnecessary pains, the signs of weak nerves and over-work. For a tonic, take Cardui, the woman's tonic. You will never regret it, for it will certainly help you. Ask your druggist about it. He knows. He sells it.

**The Love Letters of a Confederate General**

WE begin in the November issue a series of real love-letters written over fifty years ago by one of our national heroes to his sweetheart during the period of '61 to '65. This great general will go down to posterity as having accomplished one of the most brilliant feats of arms in the history of the world. He was as great a lover as he was a general, therefore these letters combine authentic history and exquisite romance. They sound a human note that no other work of literature has done in a decade; it is war, it is romance, it is history, it is literature. You simply can't afford to miss this wonderful series—an inside story of the Civil War now published for the first time and containing all the freshness of a contemporary happening. These letters will grip you hard, and hold your interest from first to last. Fill out the coupon and send it now before you forget it.
